

CAUGHLIN RANCH HOMEOWNERS ASSOCIATION 2020 ANNUAL ANGEL TREE PROGRAM

The 2020 Angel Tree program will be conducted virtually this year. We will once again partner with Alice Smith Elementary School and Washoe County Senior Services. Through the end of November, we will send regular community blasts advising the Angel tags for 100 children and 25 seniors are available for distribution. We will send regular updates on the remaining number of Angel tags still in need of love.

We can help you select a child, Senior or both based on your donation preferences. Or, you can choose from the Angel tags we have available. We can either e-mail you the tags (which is preferred) or you can pick them up from the Association office. We ask that you please call ahead so we can have your Angel tags ready.

The gifts will be accepted through the conference room door located to the left of the entry door into 1070 Caughlin Crossing. Please include the Angel tags with the gifts so we can check that we have received your donation. Please knock on the entry door for assistance.

Also, during the month of November, we will move the Food Bank of Northern Nevada's donation barrel outside each morning. It will be located next to the conference room door for easy access. It will be brought back in every evening prior to the office closing. Please bring a donation which will benefit those in need in northern Nevada when you drop off your Angel gifts.

We understand that these are extraordinary times. We ask those of you who may be more fortunate to help us bring joy and love to local children and seniors in need.
